REPORTS TO THE BOARD

Open Forum – Thursday, November 17, at 10:00 a.m.

There were no participants for Open Forum.

NEALP Report and NEALP Funding Recommendation

Lisa Emrich presented the Nurse Education Assistance Loan Program Annual Report and related information for the Board to consider in forming its recommendation to the Chancellor of the Ohio Department of Higher Education (ODHE). L. Emrich stated that she and the Board's Financial Manager met recently with ODHE staff who administer the NEALP at their request. ODHE staff projected a funding short fall in 2025-2026 and are asking the Board to increase its funding of the NEALP, which is set in statute. The prohibition of Master's prepared Nurse Educator loan recipients using time in clinical practice for loan forgiveness was also discussed. L. Emrich stated that tangential to the NEALP funding, the statute authorizing the Board's funding of the Nurse Education Grant Program would sunset on December 31, 2023, unless action is taken to continue it. L. Emrich stated that the Board's past recommendations were to prioritize MNE education then RN, and to fund LPN education if there are remaining funds available.

The fiscal year-end balance of the NEALP for the past several fiscal years has increased. Member Carle stated that the administrative costs charged by ODHE against the fund has increased significantly over the years and would like to know the reason, since there is no comparable increase in the number and amount of loans distributed. Member Ranck stated she continues to support resumption of LPN education and stated a student's acceptance of other financial aid options often precludes their acceptance of the NEALP. President Keels stated she would prefer to wait on making a formal recommendation until all Board members are present at a meeting.
